MASSAGE THERAPIES & BODYWORK

The healing and rejuvenating power of touch has been known since ancient times. Modern science has proven that massage reduces muscle tension, lessens stress and anxiety, and provides pain relief.

🌀 HIMALAYAN SALT STONE MASSAGE – 50 | 80 MIN

Known for its mineral content, Himalayan Crystal Salt offers a uniquely restorative experience when used on the body. Our therapists use heated salt stones in this full-body ritual that soothes sore muscles and calms the nervous system, while gently exfoliating the skin.

RED ROCK RECOVERY MASSAGE – 50 | 80 | 110 MIN

Let us kick start your recovery with a relaxing and calming inhalation with a blend of patchouli, vetiver, sweet orange, clary sage, and lavender to help balance and calm your mind. This invigorating massage uses a blend of rosemary, cypress and lemongrass to tone, strengthen vascular tissue, support healthy adrenal function and aid lymphatic drainage and ward off stress.

DESERT ARNICA DEEP TISSUE – 50 | 80 | 110 MIN

This treatment uses heat-driven muscle repair with a targeted application of arnica-rich gel and steamed towels to ease muscle pain and relax joints in your back and spine. The final result is greater mobility without the soreness that sometimes follows a deep tissue treatment.

DESERT OASIS AROMATHERAPY – 50 | 80 | 110 MIN

This deeply revitalizing treatment uses aromatherapy and therapeutic massage to unwind the body. Choose between aromatherapeutic blends of exotic herbs and essences designed by a clinical aromatherapist and herbalist to re-invigorate the senses.

● WELL & BEING SIGNATURE JOURNEY – 50 | 80 | 110 MIN

This light to medium rhythmic massage, similar to a classic Swedish massage, will lull you into a deep state of relaxation, where you focus on the therapist's touch, and delight in a delicious scalp massage using coconut kukui hair and scalp oil.

HOT STONE MASSAGE – 50 | 80 MIN

This gentle relaxing therapy melts away tension and eases muscle and increases circulation, with a combination of massage and hot stones.

TANDEM MASSAGE – 50 | 80 MIN

Completely envelop your senses in this massage experience as two therapists use four hands to massage in rhythmic tandem, allowing your body and mind to slide into a deeply relaxed state.

COUPLES MASSAGE – 50 | 80 | 110 MIN

Spend time together while enjoying your choice of side-by-side massages. Couples massage is an excellent way to introduce a reluctant partner to the wonderful world of massage, share something you both love or spend quality time with your mom, daughter or best friend.

PRENATAL MASSAGE – 50 | 80 MIN

Science has shown that prenatal massage can reduce stress hormones, swollen joints and muscle pain while improving sleep. Our special pillow system is designed for the body of an expecting mother, allowing her to lie face down with full support. This experience is designed with the safety and comfort of mother and child in mind. *Suitable for expectant mothers in their second and third trimester.*

REFLEXOLOGY – 50 MIN

Reflex points in the foot relate to specific organs, and stimulating those points promotes health via the body's energetic pathways. Our specially trained reflexologists restore overall health to your body by massaging the feet and reflex points, leaving you relaxed, rejuvenated and balanced. Reflexology can be performed clothed or underneath sheets — your choice.

MYOFASCIAL MASSAGE – 50 | 80 MIN

This powerful treatment focuses on fascia, the tough connective tissue that surrounds, separates, and supports muscles throughout the body. Your therapist locates areas that feel tight and immobile, and using focused pressure and gentle stretching, works to release the fascia, improving mobility and reducing pain and tension.

CRANIOSACRAL – 50 MIN

Light touch is used to shift and correct the rhythms of the craniosacral system, located around the head, neck and spine. Your body's internal resources are replenished through this gentle hands-on method. This treatment is helpful for headaches, minor neck and back pain, and relieving stress and tension.

THAI MASSAGE – 50 | 80 MIN

It is said that this ancient style of massage may have been developed by Buddha's physician nearly 2,500 years ago. Thai massage incorporates stretching and targets pressure points allowing the energy to flow. Please wear loose fitting clothing. The specially trained therapist literally use their whole body to move you into various yoga-like positions, releasing muscles, increasing range of motion and leaving you invigorated.
